- School is out at 3:15 M/T/TH/F and 1:45 on Wednesdays. Sports practice ends at 4:20. Thank you for making arrangements for a timely pick up from school.
- Please plan appointments outside of school hours, if possible.
- Please communicate with your child's teacher if you are checking your child out early.
- If you are checking your child out early from school, please call 15 mins before you arrive to ensure your child is ready.

## Thoughtful Thursday— Confidence

I want you to think about all the good people who help make your life better, people like your teachers or your doctor or the police and firemen who try to keep you safe.

Now listen to these words from Mexican author Dr. Luis Leal:

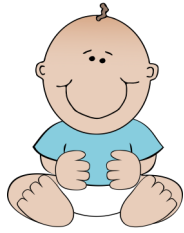

*"There are no limits to what you can do if you believe in people and want to improve the world"*

Dr. Leal is telling you that if you believe that people can do good and wonderful things and if you really want to make the world a better place, there is no limit to what you can do.

Remember this: Everyday, all over the world there are good people doing wonderful things that make the world better, and you can be a person like that, too. The sky is the limit when you believe in yourself and others.

# CULTURAL CORNER

Makar Sankranti is celebrated every year on January 14th as a very important festival in India and Nepal. It’s a mid-winter festival for farmers as the harvesting is complete. Many different states and cultures celebrate this cheerful festival in their own way. The playful nature of the festival allows everyone to fly kites during the day time and therefore it is also known as the “Kite Flying Festival.”

Long ago kite-flying was usually done for long hours in the early morning, when the sun’s rays were bright but not too harsh. It was believed that the early morning sun was good for the skin and body. Flying kites created a fun way to enjoy the benefits of the sun.

Marlins, this week we’re asking: **On what day is the Kite Flying Festival celebrated in India and Nepal?** Place one answer slip in a Cultural Corner box by the end of the school day this Thursday for your chance to win a prize and have your picture displayed in a “Cultural Corner Cove” in the hallway. Your Student Council members will select 1 primary and 1 upper grade student from a raffle during Friday morning announcements

## Soren Bennick's The Power of One™

### **A bullying-proofing performance for elementary school children**

The Power of One is a series of skits presented by actors who use boxes, colors, and masks to vividly portray what bullying is, what can be done about it, and how every child has the power of one, the power to report and deal with bullying when they see it. The Power of One:

- Explains the roles in bullying: Bully, Target, Bystander, and Upstander
- Shows vivid examples of different types of bullying: Physical, Verbal, Exclusion, and Cyber bullying
- Alerts children that Targets need help and shows them how to be Upstanders rather than Bystanders
- Provides solutions to bullying including reporting, intervening, and assisting the Target
- Emphasizes the need for individuals to take action to make their community a safer, better place

Refers children to parents, adults, and teachers for further assistance and instruction
