Science Fair Meetings: Tuesday mornings @ 7:30 AM in room 23

October 12, 2021

October 19, 2021

October 26, 2021

November 2, 2021

November 9, 2021

November 30, 2021

December 7, 2021

December 14, 2021

January 11, 2022

Projects Due:

Tuesday, January 25, 2022

All students will need a "Composition Notebook" at our first meeting on October 12, 2021. *(The notebook cannot be spiral bound or one where pages can be torn out of the notebook.)*

*****All students must sign in to the Google Classroom page for this year's science fair before our first meeting on October 12. The class code is: pvj5wel**

Projects:

1. All **sixth grade participants** will be creating a digital board. Information on this will be shared with students at our meetings. If the student's project advances to the Fresno County Science Fair and the County Fair is in-person, the digital board will need to be printed. The cost for printing runs \$30-\$60.
2. **Fourth and fifth grade participants** will be presenting their science fair project on a 48" x 36" tri-fold board.
3. Projects that are demonstrations, 'library' research or informational projects, 'explanation' models or kit building are not appropriate and will not count as a science fair project.
4. Restricted projects are not allowed. Your project is restricted if you can answer yes to any of the following:
 - Are you asking people questions?
 - Are you doing experiments on yourself?
 - Are you using people in any way?
 - Are you using your pet?
 - Are you using any animal that has bones?
 - Are you experimenting with mold, fungus, bacteria, or viruses?
 - Are you experimenting with anything that can make you sick?
 - Are you experimenting with cultured samples?
 - Are you using prescription drugs, alcohol, wine or beer?
 - Are you using cigarettes, tobacco or gunpowder?
 - Are you using any other substance that may not be legally purchased?
 - Are you taking DNA from one organism and inserting it into the DNA of another organism?
 - Are you using any industrial or household chemicals or cleaners?
 - Are you experimenting with anything coming from a human or animal body such as cells, teeth, bones, etc.?
 - Are you experimenting with model rockets, lasers, radiation, guns, or anything else that could be dangerous?
